Screening time at Casa Guietiqui:

Mon 27th December 2021 at 18:30

On December 26th and 27th, 2021 a collective of artists and writers from the city of Tehuantepec are preparing the Pensamiento Festival to promote the work and expressions from various artistic practices: painting, poetry, writing, installations, dance and theater. The Isthmus Region is known in Mexico and abroad as one of the most biodiverse and multicultural regions in Mexico; inhabited by Ikoots, Zapotecs, Chontales, Zoques and Mixes communities. The aim of the festival is to create a safe space for the performance and presentation of various art practices, from painting to theater to traditional music by local artists. In this context, the LONELINESS cycle screening aims to generate a rich intercultural dialogue about experiences of loneliness. Covid-19 has hit the region's communities hard, where access to vaccines has been a slow process.

This is the 5th year in a row that we celebrate the Pensamiento Festival, here is a link with the summary of the 2018 festival.
